

# Ohio Aerospace Industry Association

## CONNECT. DEVELOP. GROW.

The Ohio Aerospace Institute's Industry Association pairs industries within the aerospace supply chain on a national and global scale. The Ohio Aerospace Institute (OAI) offers events throughout the year for members to network and keep apprised of best industry practices and trends.

Connect to industry giants, government resources and members of higher education to keep your company positioned for growth, advocate for your

niche or learn how to align yourself with universities to receive the best and brightest interns. Speak with people in the aerospace sector to hear what changes are on the horizon and how you can position your business to benefit.

A membership with OAI means access to its unique and robust supply chain matrix. Once you have joined, you will be able to set up your own meetings with other members or request OAI's support to make the connection.

- **50** Created & managed collaborative teams
- **6** Managed consortiums, including the Ohio Space Grant Consortium

- **\$352 million\*** in Federal awards

\*July 1, 1990 through June 30, 2020, of which approx. 86% were managed as a prime contractor.

- Contract Services
- Newsletter

# COMMITTEE STRUCTURE

A membership with the Ohio Aerospace Institute includes automatic inclusion in the Ohio Aerospace Industry Association. Committees affiliated with the organization will provide recommendations to OAI, including the four key areas of interest below. Recognizing industry needs and growth opportunities, committee members will serve as key advocates to aerospace and OAI initiatives.

## 1. Business Development & Marketing

Guides Ohio's aerospace industry committee

## 2. Research & Technology

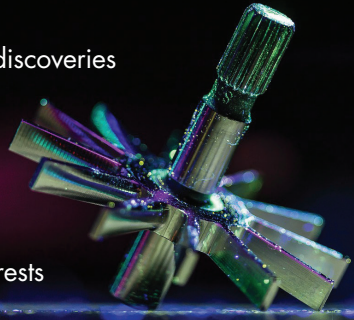

Contributes to and shares leading aerospace discoveries

## 3. Standards & Certification

Conveys aerospace standards to ensure corporate global competitiveness

## 4. Strategy & Policy

Serves as a voice to help support industry interests

# COLLABORATING TO SUCCEED TOGETHER

Whether your company is big or small, overcoming technical challenges and growing your company cannot always be done alone. When you need outside expertise, you need the right partner to build your team. With over 30 years of experience and a diverse network of members, the Ohio Aerospace Institute can be that partner.

## HOW TO JOIN

For more information and to join the Ohio Aerospace Industry Association, visit [oai.org/join](http://oai.org/join) or contact OAI at [membership@oai.org](mailto:membership@oai.org) or 440.962.3000.
